SKILLS

- Cisco Equipment familiarity
- Interior and Exterior Routing Protocol
- Static and Dynamic Routing
- LAN Switching & L3 Switching
- Network Systems installation
- Networking Infrastructure
- Infrastructure Security
- Troubleshooting
- Windows and Linux
- IPV4 and IPV6
- Addressing Subnetting expertise
- IP`/MPLS
- WAN Technologies
- Network Programmability
- Cloud Resources
- Virtualization
- WEB Development
- Python3, Flask
- JavaScript, Node.js
- HTML5, CSS3, SASS
- cPanel, FTP, SSH, API
- Git, Bash, Shell, Github
- UI Design

EXPERIENCE

2016-11/2017-09

Costumor Service | IT Support
Telecommunication Services, Laghouat, AFlou

- Answering customer inquiries through telephone and managing customers documents.
- Solving technical and general issues of the customers

2016-01/2016-04

IT Technician | Helpdesk
Schneider Electric, EgyTech, Sidi Bel Abbess

- Responsibilities for installation, maintenance and provision of daily support both hardware and software.
- Worked closely with other team members and supporting teams in resolving open issues.

2015-01/2015-12

IT Technician
PC-STAR , Sidi Bel Abbess

- Responsibilities for developing and providing support hardware software application, emails, printers and network related issues.
- Responsible for bulid desktop installing OS and related software hardware installation and maintenances.

CERTIFICATION

2018-12	Cisco Certified Entry Networking Technician (CCENT) ID CSC013383099
2019-06	Cisco Certified Network Associate (CCNA R&S) Routing&Switching ID CSC013383099
2019-09	Juniper Networks Certified Associate, Cloud (JNCIA-Cloud) ID JPR00286698
2020-07	Juniper Networks Certified Associate, Junos-OS (JNCIA-Junos) ID JPR00286698
2020-06	Oracle Cloud Infrastructure Foundations 2020 Certified Associate ID 2629764190CIBF2020-F

LANGUAGES

Arabic: Native
English: Advanced
Franch: Intermediary
German: Elementary

HOBBIES

- Read a books
- Learn about new technologies
- Play guitar
- Travel

EDUCATION

2018-2019

ICT-TOWERS
Information Communication Technologies

- Accomplishment of professional training courses Interconnecting Cisco Networking Devices part 1 ICND1 Certifcation of completion the courses.
- Accomplishment of professional training courses Interconnecting Cisco Networking Devices part 2 ICND2 Certifcation of completion the courses.
- Accomplishment of Associate Security (Implementing Cisco Network Security, IINS)

2017-2020

Cisco Networking Academy & Juniper Junos Genuis
Computer Networking And Programming , Online Class

- Core and infrastructure for computer networking
- TCP/IP , OSI Model, Topology, Design, Ethernet, IP/MPLS
- Linux essentials LPIC, Cybersecurity, Python3 essentials PCAP
- VLAN, TRUNK, DTP, VTP, STP, RIPv2, OSPF, EIGRP, VPN
- Automation, XML, API, NETCONF, JSON, YAML, BASH
